

US Chemistry Olympiad
Orange County National Team 2020

Gold Medallions – The Margaret Carlberg Award

The Education Committee of OCACS honors the service of Margaret Carlberg to students and to the ACS through this special award, which is given each year to the top Chemistry Olympiad student, based on the scores for the first Olympiad exam. Margaret helped shape the lives of many students as a chemistry teacher for both first year and AP chemistry at Cornelia Connelly High School, and served as chair of the Education Committee for 14 years. In 2005 she received the Charles Bennett award from OCACS for service to “the wonderful world of chemistry” (Margaret’s favorite phrase).

In 2020 there was a 3-way tie for winners of the Margaret Carlberg Award:

Student	School	Teacher
Ian Grimm	Sage Hill	Anie Robinson
Nicholas Ouyang	University	Nick Brighton
Brian Tong	Woodbridge	Crystal Cooper

Silver Medallions

The other 8 members of the 2020 Orange County National Olympiad Team are awarded Silver Medallions –
